

Tip_5 – How long has it been since someone looked at your processes.

If it has been sometime, now is a good time to reevaluate your tools, applications, and procedures. Consider benchmarking yourself against others. Ask others what their favorite tools are, or what they recently learned. The regulations are not going away, they are getting more complicated, that is clear. See the presentation on 4 important metrics on our website at www.rohsready.org/resouces.html.
